SERVICIOS Y APLICACIONES

INEL offers its customers, advice, service, new applications and simple solutions using the best products and a highly qualified team. Positioned at the forefront of technology and promoting the culture of energy saving to make the world a better and sustainable place.

WHO

WHAT

HOW

PAST

FUTURE

Since its foundation in 1987, INEL has been committed to providing a fully comprehensive service in the field of electrical installations and energy efficiency. Our commitment to service has resulted in a truly remarkable, highly-qualified team of experts who have at their disposal extensive, fully-equipped facilities with the most advanced technology, enabling us to offer a tailor-made service to each individual customer and to the specific requirements of each project.

We design, install and service Electrical Installations, Lighting, Home Automation, Equipment for Swimming Pools and Spa's, Heating and Air-Conditioning Systems, Audiovisual Systems, Telecommunications, CCTV, Fire Detection, Presence Detection, Access Control, Industrial Automation, Production Control, Technical Inspections, Energy Service Company (ESCO) and Renewable Energies for organizations, businesses or private individuals.

By thoroughly assessing every project to integrate our resources with the best possible electrical and electronic products available on the market, we can achieve a high-quality solution, which meets the most demanding needs of each and every customer.

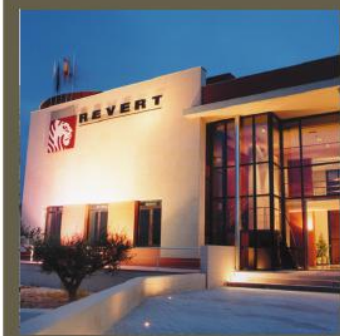

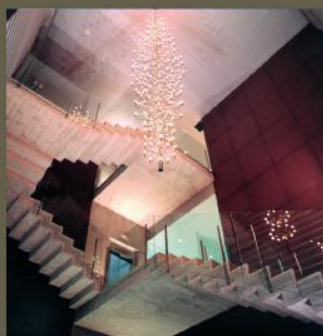

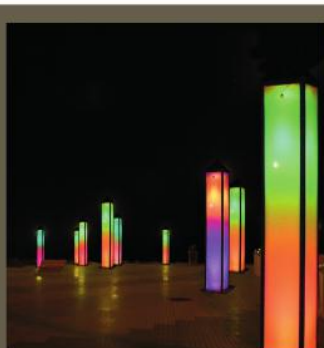

We have successfully completed many important projects for organizations, businesses and the general public, such as:

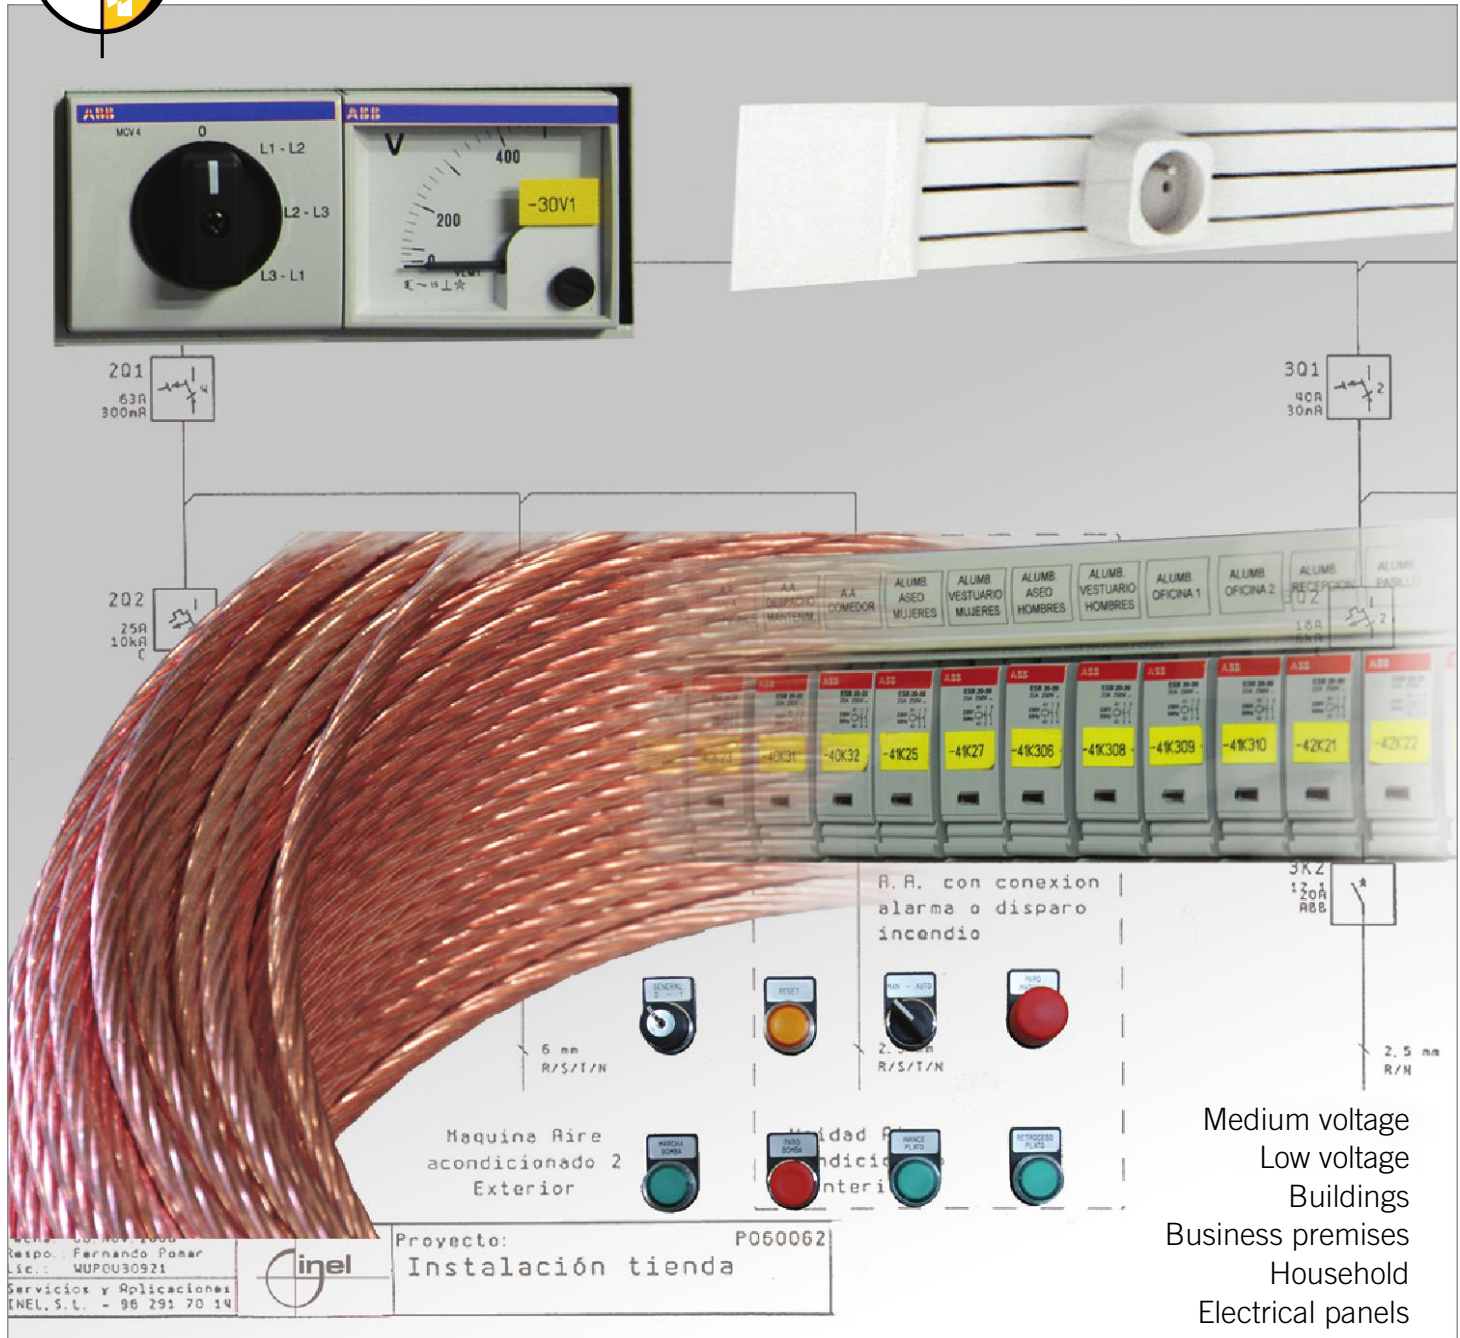

THE CULTURE, SPORTS AND HEALTH DEPARTMENT, AGULLENT CITY COUNCIL - AIELO DE MALFERIT - FONTANARS DELS ALFORINS - ONTINYENT - PALOMAR and XÀTIVA, UPV, CEU, VALENCIA FAIR, EXT. UNIVERSITY OF VALL D'ALBAIDA, GENERAL HOSPITAL OF ONTINYENT, COPUT, AIDICO, ATEVAL, ARCHITECTURE PRACTICE OF RAMON ESTEVE, CAIXA ONTINYENT, BEAUTY CENTER AQUA, COEVAL, FRANCES CONSTRUCTION, GUIJARRO CONSTRUCTION, TORMO ÚBEDA CONSTRUCTION, LA CAIXA, SABADELL BANK, HOTEL KAZAR, ARQUITEC3, CES, JORGE ALBERO, TDN, BC FABRICS, CAMBRASS, INTERFABRICS, CIMA, SAINT BARTHOLOMEW THE APOSTLE PARISH, ALEX VIDAL, POLO - POLO, BEAUTY CENTER INMA RODRÍGUEZ, GRÁFICAS REVERT'S, CASINOS DE VILLA-JOYOSA AND TORREVIEJA, TRANSDONAT, NEW MOP, SATINSA, NEUMATICOS BORREDA, ALAPONT, SANTA MARIA PARISH, SUINTECO, HOTELES HUSA, CADAGUA, CAM, COLORTX, TABACALERA, LIDEM, REIG MARTÍ, TECMA, GRUPO NC, JOVAL, ROLLER, ETEXA, ROBERT BOSCH, SUMINISTROS NAVARRO, ALTIA, HIDROMIEL, PEPE CABRERA, PIEL, JASLEN, MOLTO REIG, WELLNNES, PLASTIKEN, GANDIA BLASCO, CLÍNICA SACHER, SMURFIT, INT, GRUP LLAR, ROS CASARES, BUTECH, RUBI INDUSTRIAL, ALPUCH, DANFOSS, TEXTISOL, TEXTILS MORA, EGEVASA, VONDOM and many others.

We are as dedicated to technical training as we are to Health and Safety in order to meet our policy of product improvement and state-of-the-art services, in addition to meeting our on-going commitment to natural resources and sustainability.

LIGHTING

HOME AUTOMATION

Buildings and business premises technical management and automation.

Household technical management and automation.

KNX systems - My Home - IGTE.

Audiovisual system integration.

EQUIPMENT FOR SWIMMING POOLS AND Spa's

Swimming pool enclosures and heater sheets.

Halogen - LED - Fibre optic lighting.

Countercurrent units - Waterfalls - Whirlpool bath...

Hydro-Massage system.

River - Bubbling - Spring effects...

IVS - Chromotherapy - Spa's.

HEATING SYSTEMS

Electrical radiant floor heating system.
Night storage heaters.
High-Performance oil heaters.

AIR-CONDITIONING SYSTEMS

Industrial and domestic air-conditioning.
Air curtains.
Enthalpic heat exchangers.
Control systems.

AUDIOVISUAL SYSTEMS

Image projection, control and management.
Digital interactive message boards.
Video walls.
Digital sinage.
Professional audio and PA.

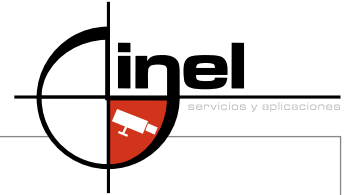

TELECOMMUNICATIONS

Communications electronics:
Data - Voice - IP - Wif - Wimax.
Structured cabelling.
Wif and Wimax networks.
Fibre optic cable and connection.
Network certif cation and audits.
RFID and Zigbee communication systems.
TDT and cable TV reception and distribution.

CCTV

C.C.T.V. Cable - IP - Wireless.
Electronic video recording.
Video surveillance.
GSM - GPRS - 3G - Internet
Remote image viewing.

FIRE DETECTION

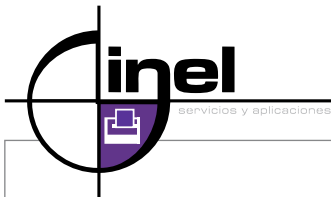

Analogical fire detection installations.
Conventional fire detection installations.
CO2 detection.
Installation maintenance and servicing.

PRESENCE CONTROL

TCP/IP - Internet - GSM communications.
MILLENNIUM software organized presence and tasks control.
Attendance control - Incidence and tasks reports stand-alone.
Magnetic strip readers - Proximity readers - Biometric readers - RFID.

ACCESS CONTROL

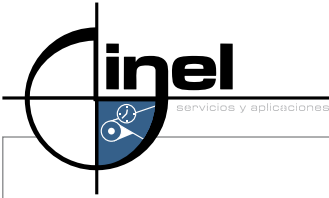

IGCA software.
Real-time tracking.
Stand-alone locks and readers.
Access control and data collection.
Magnetic strip - Proximity - Chip - Biometrics.

INDUSTRIAL AUTOMATION

Robotics.
Programming.
Artificial vision.
Multi-axis systems.
Servo-motors - CAM profile.
Speed adjustment and monitoring.
SCADA / PLC industrial control.

PRODUCTION CONTROL

RFID controls.
IGCP-ICP software.
Real-time data collection.
Production reports and machine time monitoring.

TECHNICAL INSPECTIONS

Auditing.
Infrared thermal imaging.
Energy assessment.
LPC - Maintenance of busy public areas.
REMAT - Transformer center maintenance.

ENERGY SERVICE COMPANY - ESCO -

Energy efficiency and saving:

- Audits.
- Projects.
- Installations.
- Exploitation.
- Maintenance.
- Control, measurement and verification.

ELECTRIC VEHICLE CHARGING

Private.
Public.
Parking.
Communities.
Integration with Plugsurfing applications.
